

Sky Jump

Sky Jump

- Different heights, capacities and seating configurations available
- Impressive high thrill ride on a small footprint
- Unforgettable sky diving experience
- Seat tilting up to 110° - resulting in a face down free fall
- Soft vest restraint system providing highest comfort in every seating position
- Icon attraction with high "passive" capacity (spectators)
- 8-, 16-, or 32-passenger configurations
- Existing structure/building mounting possibilities
- Special smooth and failsafe magnetic brake system designed by Intamin
- Independent use of drop sections

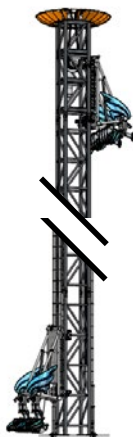

Technical Data

Height of attraction	76 m
