

INTAMIN

Intamin is a world-leading manufacturer of amusement and theme park attractions with a proud history built since 1967. Our product portfolio boasts the widest range of rides in our industry. We are known for roller coasters, water and freefall rides as well as observation towers, round rides and many others. Since the beginning we have been pioneers in our industry: We have developed and still are developing highly innovative and cutting-edge rides as well as technologies for our worldwide clients and hold countless world records for our achievements.

Every day we work for the smile on our customer's faces, the thrill and joy of their experience and to push the boundaries of what's possible between man and machine. We create, engineer, manufacture, install, test, deliver and service all systems ourselves and every person in our organization has a key role in the process. We live our strong passion: You dream it, we build it - They love it. To strengthen our after sales team in **Schaan (Liechtenstein)**, we are looking for a

REFURBISHMENT PROJECT ASSISTANT (M/F/D)

YOUR ROLE

As a Refurbishment Project assistant you will have the chance to learn about our systems and support our refurbishment team helping clients to ensure that their installations are well maintained and refurbished to achieve best performance, reliability and safety. Due to the variety of tasks, covering each phase of the product life cycle of a refurbishment project you will continuously be facing new challenges.

In addition, you will have the opportunity to travel, visiting our factories as well as our clients to build a relationship with them and check or test our products that you have worked on yourself. Your job opportunity is arising as we are expanding our customer services. You will be part of an autonomous group and be assigned to assist our refurbishment project engineers. You will have the chance to build up a relationship with the diverse owners of our ride systems and their technical teams.

This relationship will lead to dynamic discussions with them also in-house in order to resolve technical solutions and find the best way to proceed under certain circumstances. Your group will be part of Intamin After Sales and will be essential to the success and image of Intamin as a supplier of sustainable, safe and reliable refurbishment solutions in the market.

ALSO PART OF YOUR ROLE ARE THE FOLLOWING TASKS:

- Handling of subtasks within projects
- Support of the design process and review of drawings
- Participation in design reviews, taking minutes of meetings
- Support in the preparation of technical documents for projects
- Document management (incl. calculation reports, drawings, project specifications)
- Preparation and tracking of contractual and internal schedules
- Support in the procurement process of components, including cost comparisons and verification of production progress on site with suppliers
- Technical clarifications with suppliers
- Preparation of documentation and presentations
- Ensuring proper compilation of quality documentation files
- Support in the coordination of transport orders
- Customer and supplier visits, in the context of refurbishment projects, testing and/or troubleshooting

INTAMIN

WHAT DO YOU NEED FOR THIS ROLE?

- An engineering degree or demonstrated knowledge/experience of electro-mechanical systems preferably comparable to the ride systems that we produce
- Some years relevant experience would be appreciated
- Good English skills. You will have to communicate with customers from all over the world and with different nationalities in-house
- Good communication skills and empathy
- Sense of responsibility, honesty and with initiative
- Flexibility in those times when our customers need urgent support. Your flexibility will be corresponded with our flexibility
- Willingness to travel (approx. 5-10%)
- FL/CH/EU/EEA nationality

WHAT DO WE OFFER?

We offer a unique place to work in one of the most exciting and fun industries in the world. As a mid-sized, family-owned company, we offer a high degree of job responsibility with short decision-making times in a highly diverse, global and multi-cultural environment.

We provide a competitive salary and good development opportunities working with a very talented and dynamic team who have brought the company to where it is today.

We value and organize regular team events and team activities, provide an internal educational program for individual development, a flextime working system and other fringe benefits such as free coffee, parking and more. Last, but not least, we are located in the beautiful mountainous Rhine valley boasting with amazing opportunities for outdoor recreational activities in the mountains and surrounding lakes.
